Subject: Disposal of drums from ecology and environment
field work conducted in 1985.

Dear Mrs. Cohen:

I am writing on behalf of Larry Dietrich of the Pasco Sanitary Landfill. Mr. Dietrich wishes to dispose of these drums since they have become an eyesore. They are rusting badly, a number of them which formerly contained liquid have frozen and broken, and they are generally in poor condition. I believe a determination was made quite some time ago that the drums could be disposed of by burial at the Pasco Sanitary Landfill. Would you please call me before the 31st of May with your approval for disposal of these drums.

Sincerely,

John A. Zillich
